THE UNIVERSITY OF OKLAHOMA HEALTH SCIENCES CENTER (OUHSC)
OFFICE OF COMMUNITY PARTNERSHIPS AND HEALTH POLICY

Science, Technology, Engineering, and Math
(STEM) Camp Club

A primary goal of the University of Oklahoma Health Sciences Center (OUHSC) is to educate and train health science professionals within the State of Oklahoma. The OUHSC Office of Community Partnerships and Health Policy supports that mission by facilitating programs that are integral to developing future generations of health scientists with a particular emphasis on those young people from subgroups most likely to be underrepresented in the health sciences fields. Those programs engage students at the elementary, secondary and higher education levels. The efforts of this office also extend to assisting parents in becoming better advocates for their students and developing partnerships within underrepresented communities.

The Science Technology Engineering and Math (STEM) Camp Club is the latest program aimed to provide students with additional, supplemental STEM education with applications to the health sciences and engineering.

WHO: Students who are currently in 4th-8th grades.

WHAT: The STEM Camp Club at OUHSC is a stimulating one-week experience for students to explore STEM activities through Energy, Machines, and Motions. STEM Camp will provide hands-on laboratory and classroom activities for students, which will enrich their science, technology, engineering and math knowledge and ability. **The cost is $175.00 per student due no later than the first day of the camp, March 19, 2012. However, a deposit of $50 (non-refundable) must be received no later than March 5, 2012 to ensure a seat as space is limited! Please make checks payable to: FHSPP Foundation.**

WHEN: STEM Camp Club at OUHSC will be held March 19-23, 2012. Camp begins at 8:00 am and ends at 5:00 pm.

WHY: STEM Camp Club at OUHSC is designed to provide students with the necessary awareness and interest through interactive activities in Science, Technology, Engineering, and Math as a path to future college and career opportunities. The future opportunities within STEM are endlessly expanding.

HOW: Pre-registration and a $50 deposit is required by March 5, 2012 to ensure a seat – space is limited! You may register on-line, through e-mail, fax, or through the U.S. Mail. The deposit is non-refundable.

REGISTRATION CHECKLIST: (Please make checks payable to: FHSPP Foundation.)

STUDENT RESPECT AND RESPONSIBILITIES

Students are expected to show respect for themselves and one another. They are expected to respect the line of authority including mentors, teachers, and administrators. If students do not follow program rules they will be reported to a teacher or a program director.

Students’ safety, awareness, and prevention of accidents are our highest priority; therefore students should follow these guidelines:

- Students should not arrive prior to 7:30 a.m. due to the lack of supervision and must be picked up by 5:30 p.m..
- Students are not allowed inside of buildings, classrooms, or labs without the supervision of a director, teacher, or mentor.
- Cross only at intersections where there are traffic signals and crosswalks.
- Remain with class or group at all times while on campus.

Students are not required to follow a strict dress code but must keep in mind that their personal appearance should not be a distraction to others in their learning environment; clothing must be the appropriate attire for the activities planned during lab and/or classroom work. Lab coats and safety goggles will be provided when needed.

Students will have access to a laptop and internet computer services provided for the sole purpose of doing research, resource sharing and communication. Each student will be assigned a numbered laptop for educational purposes only. For reasons of security and appropriate utilization, directors, teachers, and mentors will periodically monitor each student’s use of the network resources to insure that the internet access is not being misused.

If a participant leaves their assigned group, behaves in a manner that risks his/her safety or the safety of someone else or engages in any illegal behavior, parents/guardians will be called and you (the participant) will be asked to leave the program immediately.

As a student in this Camp, you must behave in a manner worthy of the trust placed in you and which exemplifies the quality of character this program demands and expects. Your signature below acknowledges your reading and understanding of the information above.
