

APPENDIX E

ALLERGENS/SENSITIZERS

Acetone	Gold
Animal dander	Hexachlorophene
Aminoethylethanolamine	Hexamethylene diisocyanate
Ammonia	Hexane-1,6-diisocyanate
Ampicillin	Hydrazine
Apomorphine	Hydrogen chloride
Benzalkonium chloride	Hydrogen fluoride
Benzofuran	Hydroquinone
Benzoyl peroxide	Iodine/Iodine compounds
Beryllium	Isocyanates
Bichromates	Isopropyl alcohol
Bromelin	Latex
Butyl acrylate	Limonene
Cadmium oxide	Local anesthetics
Chloramine	Maleic anhydride
Chloramine-T	Mercury
Chlorine	Methyl methacrylate
Chloroacetamide	Methyldopa
Chlorohexidine	Naphthalene diisocyanate
Chlorpromazine	Neomycin sulfate
Chromates	Nickel sulphate
Chromic acid	Nickel
Chromium	Nitrogen dioxide
Cobalt	Nitrogen mustard
Colophony (Rosin)	Ozone
Copper	Pancreatic extracts
Cyclohexylamine	Papain
Diazomthane	Penicillins
Dibutyl pthalate	Persulphate salts
Dichloramine	Phenolic compounds
Dichloropropane	Phenothiazine
Dihydrochloride	o-Phenylenediamine
Diphenylmethane-4,4'diisocyanate (MDI)	m-Phenylenediamine
Enzyme detergents	p-Phenylenediamine
Epoxy resins	Phenylglycine acid
Ethyl alcohol	Phosdrin
Ethylene oxide	Phosgene
Ethylenediamine	Phthalic anhydride
Flaviatase	Piperazine/Piperazine derivatives
Fluorine	Platinum
Formaldehyde	Platinum salts
Freon	Polyether alcohol
Gentian powder	Polymethyl methacrylate
Glutaraldehyde	Polypropylene glycol

ALLERGENS/SENSITIZERS (Cont.)

Polyvinyl chloride vapor
Potassium dichromate
Resocinol
Rosin
Salbutamol
Silver
Soaps and detergents
Sodium hydroxide
Sodium bichromate
Spiramycin
Streptomycin
Sulfonamide
Sulfur dioxide
Sulfuric acid
Sulphathiazole
Sulphonechoramides
Toluene
Toluene diisocyanate
Topical medications
Trichloroethylene
Triethyl tetramine
Trimellitic anhydride
Trypsin
Turpentine
Vanadium
Xylene
Zinc
Zinc chloride
