

DIVERSITY STATEMENT
UNIVERSITY OF OKLAHOMA HEALTH SCIENCES CENTER
GRADUATE COLLEGE

The University of Oklahoma Health Sciences Center Graduate College supports diversity as a core component to fulfill its mission to prepare world-class biomedical researchers, educators, and health care professionals by recognizing that contributions by and inclusion of a diverse student, faculty, staff, and administrative community are essential to developing exceptional scholars and health care professionals.

The College seeks to enable all members to pursue their education and work endeavors in an environment that embraces diversity of cultures, race, ethnicity, disabilities, personal beliefs, age, sexual orientation, and social and political views. The College strives to create a place where multicultural scholars learn with and from each other by fostering a sense of shared experience and common purpose to solve local, state, and global health care problems.

The College strives to increase the recruitment and retention of a diverse community in the belief that diversity leads to a more enlightened educational environment. The College is strongly committed to developing opportunities for diverse scholarly interactions in order to provide a forum for all students to learn from multicultural ideas and opinions.
