

About the Grants Project

What is *this* Project ?

OUHSC is implementing the PeopleSoft Grants Suite to improve research administration business practices, reduce compliance risks & provide a strong technical foundation to meet current & future institutional needs. The Grants Project is an OUHSC primary strategic initiative & has a high level of support from institutional leaders and executive sponsors. It will impact over 50 business processes across the institution, primarily in ORA, GCA and Finance. The Grants Project will also improve the tracking and management of Accounts Receivables.
