Course Syllabus

Course Name: OD 9292 Oral Medicine/Therapeutics
Semester, Academic Year: Fall 2007

Department: Oral Diagnosis and Radiology
Course Director: Susan L. Settle, D.D.S.
271-5988
susan-settle@ouhsc.edu

Course Coordinator: Andie Stringfellow
271-5988
andie-stringfellow@ouhsc.edu

Faculty:
Kay Beavers, D.D.S.
Glenn Houston, D.D.S., M.S.D.
David Lewis, D.D.S., M.S.
Jeanne Panza, D.M.D.
Lida Radfar, D.D.S., M.S.
Rebecca King-Rackley, D.D.S.

Emergencies: Contact Dr. Settle
Weather Advisories: OU Campus Weather Line: 271-6499
Course Format: Lecture, Problem-Based Seminar
Class Location: Room 108
Meeting Time: Thursday morning, 8:00-9:50
There will be a ten-minute break approximately 8:50. Please refrain from entering late or leaving the room prior to or after the break. Be in class at 8:00 or do not come into the room.

Resources:
Gage, Tommy W. and Little, James W.

Attendance: Attendance is required. You are allowed to miss two classes (two 2-hour periods). Unexcused absences in excess of these two absences will result in a deduction of 10% of your grade for each subsequent
absence in excess of two. Roll will be taken each class meeting, either during the first or the second hour, or sometimes both the first and second hour. Dr. Settle will determine if an absence is excused (an example is attendance for a funeral, auto accident on the way to class). Interviews for postgraduate residency programs will be excused as necessary; please see Dr. Settle.

Grading and Evaluation: There are two examinations, consisting of midterm and final examinations.

GRADING SCALE:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90-100</td>
</tr>
<tr>
<td>B</td>
<td>80-89</td>
</tr>
<tr>
<td>C</td>
<td>70-79</td>
</tr>
<tr>
<td>F</td>
<td>&lt;70</td>
</tr>
</tbody>
</table>

The midterm and final examinations may be a combination of short answer, true-false, matching, or multiple choice items.

To receive a passing grade in the class, you must pass both the midterm and final examinations.

Proctors are present during examinations. If any questionable activities occur during, or are discovered after the examination, it will be investigated and OUCOD honor policies will be upheld.

GRADE DETERMINATION: (% of final grade)

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mid-Term Exam</td>
<td>50%</td>
</tr>
<tr>
<td>Final Exam</td>
<td>50%</td>
</tr>
<tr>
<td>Attendance</td>
<td>See above</td>
</tr>
</tbody>
</table>

“Curving” of final grades: Item analyses are run for both examinations. Based on the item analysis, exams may be rescored. Therefore, a “curve” is rarely necessary for the grades in the class.

Most of you will make A’s or B’s in this class. There have been some C’s in the past, and sometimes D’s and F’s. A “D” is not a passing grade at the College of Dentistry, so any average below “70” will result in a failing grade and must be remediated to a “C.”

The course director develops remediation terms.
COURSE OBJECTIVES:
1. Provide a review of the basic principles and advanced information in oral diagnosis, oral medicine, and pathology
2. Concentrate on clinical pharmacology as it relates to: the treatment of oral conditions; dental management of patients with medical conditions undergoing drug therapy; identification of possible drug interactions
3. Stress dental management of medically compromised patients through the use of case studies
4. Review oral pathology with emphasis on differential diagnosis and management

SCHEDULE

August 23

Chapter 1, pp. 2-17
Physical Evaluation and Risk Assessment
Dr. Susan Settle

Chapter 2, pp. 18-34
Infective Endocarditis Prophylaxis
Dr. Susan Settle

August 30

Chapters 3-6, pp. 35-91
Team-Assigned CVD Problems
Hypertension, Ischemic Heart Disease, Cardiac Arrhythmias, Heart Failure
Dr. Susan Settle

September 6
Continuation of August 30th

September 13

Chapter 11, pp. 140-161
Liver Disease
Dr. Lida Radfar

Chapter 12, pp. 162-179
Gastrointestinal Disease
Dr. Susan Settle

September 20

Chapter 7, pp. 92-105
Pulmonary Disease
Dr. Lida Radfar

Chapter 27, pp. 464-487
Neurologic Disorders
Dr. Susan Settle

September 27
Radiologic Lesions
Dr. David Lewis

October 4

Soft Tissue Lesions
Dr. Glen Houston

October 11

Chapter 9, pp. 115-123
Tuberculosis
Dr. Lida Radfar

Chapter 18, pp. 268-279
Pregnancy and Breast Feeding
Dr. Lida Radfar

October 18

MID-TERM EXAMINATION

October 25

Chapter 15, pp. 212-235
Diabetes Mellitus
Dr. Kay Beavers

Chapter 16, pp. 236-247
Adrenal Insufficiency
Dr. Susan Settle

The following chapter on Thyroid Diseases will be posted on the webyou’re your review; it will not be covered in class. You will be responsible for the information contained in Dr. Beavers’ online presentation.

Chapter 17, pp. 248-267
Thyroid Diseases
Dr. Kay Beavers

November 1

Chapter 19, pp. 280-302
AIDS, HIV Infection, and Related Conditions
Dr. Susan Settle

Chapter 20, pp. 302-317
Allergy
Dr. Susan Settle

November 8

Chapter 21, pp. 318-338
Rheumatologic and Connective Tissue Disorders
Dr. Lida Radfar

Chapter 26, pp. 433-463
Cancer and Oral Care of the Patient
Dr. Susan Settle

Chapter 22, pp. 339-361
Organ and Bone Marrow Transplantation
November 15

Chapter 23, pp. 362-372  Disorders of Red Blood Cells  Dr. Susan Settle
Chapter 24, pp. 373-395  Disorders of White Blood Cells  Dr. Susan Settle
Chapter 25, pp. 396-432  Bleeding Disorders  Dr. Rebecca King-Rackley

November 22  THANKSGIVING BREAK

November 29

Chapter 28, pp. 488-506  Behavioral and Psychiatric Disorders  Dr. Susan Settle
Chapter 29, pp. 507-533  Psychiatric Disorders  Dr. Susan Settle
Chapter 30, pp. 534-551  Dental Management of Older Adults  Dr. Kay Beavers
Course Evaluations (Blackboard)

December 6  Chemical Dependency  Dr. Jeanne Panza

December 10-14  FINAL EXAM WEEK

Revised 9/13/07
