

Staking Your Claim Through Educational Research

Friday, February 15, 2008 with Sara K. Vesely, Oh.D.

Learning Objectives

At the completion of this presentation, participants will be able to:

- Design a research project that is analyzable
- Identify ways to include student projects in your research plan
- What are common pitfalls that occur with research projects?
- How can we make sure that our project can be analyzed?
- How can we involve students in our ongoing research projects to benefit both the student and the researcher?
