Integrating iPads into Your Curriculum
Tuesday, March 11, 2014 with Theresa Cullen, Ph.D., OU Jeannine Rainbolt College of Education

About the Presenter:
Dr. Theresa Cullen is an Associate Professor at the OU Jeannine Rainbolt College of Education. She is also the Director of the College of Education’s iPad Initiative. Dr. Cullen is a former high school science teacher and computer science instructor. She has her Ph.D. in Instructional Systems Technology with a minor in Science Education from Indiana University, Bloomington. Her research interests include online learning communities, looking at social factors related to girls’ interest in STEM (science, technology, engineering & math), and preservice teachers’ technology integration.

Learning Objectives
1. Discuss the pros and cons of utilizing iPads for higher education instruction
2. Identify several apps that will help professors engage with students using iPads

Resources
- Socrative quiz software. (DEMO) - [http://www.socrative.com/](http://www.socrative.com/)
- BaiBoard and other concept mapping software - [www.baiboard.com/](http://www.baiboard.com/)
