

We are the Staff Senate

The Staff Senate is the employee liaison group representing the OUHSC staff. The Senate is comprised of members from designated groups on campus. Senators and alternates are elected annually from the constituents of their group.

Staff Senate Activities

The Staff Senate sponsors several special projects throughout the year to raise funds to support staff activities. It also offers opportunities for staff to assist and support several charitable projects.

Each spring, the Staff Senate sponsors various daily activities specifically for the staff during Staff Week. The annual luncheon recognizes individual employees for their dedicated years of service to the university on their milestone anniversaries.

The Staff Senate also recognizes outstanding employees as Employees of the Month. At the annual luncheon an Employee of the Year is announced from these 12 employees.

Our Purpose

The Staff Senate works continuously and diligently to make our campus a great place to work. We view our purpose in four distinct ways:

We serve as a representative body of the staff employees at the University of Oklahoma Health Sciences Center.

We strive to aid in the exchange of information between the university and its staff.

We function for the welfare of the university and to foster a spirit of unity and cooperation among all staff employees of the university.

As an advisory body, **we study and make recommendations** to the president, through the provost, on policy matters that may directly affect staff employees.
