OU Medical Center

Bobby Saunkeah, R.N., C.D.E., C.I.P.  
Manager, Epidemiology, Research and Public Health  
Chickasaw Nation Division of Health - Ada, Okla.
COURSE DESCRIPTION

This one-day course focuses on management of the patient with diabetes. It is designed to address the unmet educational needs of health care providers who have a diverse case mix that includes patients with diabetes. The purpose is to promote excellence in care and to provide up-to-date information to enhance knowledge integral to effective management of diabetes. The program also seeks to provide an opportunity for the participant to interact and network with other diabetes professionals.

This is a fast-paced course with speakers using an audience response system to interact with the audience. This provides participants with immediate feedback of their knowledge and the opportunity to reinforce comprehension and retention of key learning objectives. The course combines best practice strategies and education through case studies and lectures.

COURSE OBJECTIVES

Upon completion of this activity, the participant should be able to improve patient outcomes by being able to:

- Identify the main outcomes of the TODAY trial.
- Explain predictors of durable response to treatment in the TODAY trial.
- Explain the effects of treatment on body composition during the TODAY trial.

ACPE #0053-9999-12-064-L01-P 1 contact hour (0.1 CEU)
- Describe the pathologic process that causes diabetic retinopathy.
- Identify medications and specific therapies used for the treatment of diabetic retinopathy.
- Define the prevalence and incidence of diabetic retinopathy.

ACPE #0053-9999-12-065-L01-P 0.75 contact hours (0.075 CEUs)
- Explain the epidemiology of diabetes and pre-diabetes along with the guidelines for diagnosis of diabetes and pre-diabetes.
- Explain the physiology of protein glycation and role of HBA1c as the "gold" standard for monitoring glycemic control in diabetes.
- Identify the numerous factors that alter the coupling of HBA1c and blood glucose levels, and explain the consequent pitfalls in using HBA1c for diagnosis.

ACPE #0053-9999-12-067-L01-P 0.75 contact hours (0.075 CEUs)
- Explain the importance of diabetes education among Asian communities.
- Name at least one barrier to successful diabetes management for Asians with diabetes.
- State one way to help overcome these barriers for Asians with diabetes.

ACPE #0053-9999-12-068-L01-P 1 contact hour (0.1 CEU)
- Identify guidelines for the treatment of type 2 diabetes at all levels of control put forth by the American Diabetes Association and the European Association for the Study of Diabetes.
- Explain the reasoning behind the recommendations put forth by the boards of the American Diabetes Association and the European Association for the Study of Diabetes for the treatment of type 2 diabetes.
- Identify the areas of literature that are not clear regarding the use of newer therapeutic agents in the treatment of type 2 diabetes.

NURSING CONTINUING EDUCATION

Nursing contact hours have been applied for through the Texas Nurses Association, an accredited approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

PHYSICIAN EDUCATION CREDIT

Accreditation Statement
The University of Oklahoma College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

The University of Oklahoma College of Medicine designates this live activity for a maximum of 7.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict Resolution Statement
The University of Oklahoma College of Medicine, Office of Continuing Professional Development has reviewed this activity’s speaker and planner disclosures and resolved all identified conflicts of interest, if applicable.

POLICY ON FACULTY AND SPONSOR DISCLOSURE

It is the policy of the University of Oklahoma College of Medicine that the faculty and sponsor disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosures will be made in the course handout materials.
DISCLAIMER STATEMENT

Statements, opinions and results of studies contained in the program are those of the presenters/authors and do not reflect the policy or position of the Board of Regents of the University of Oklahoma ("OU") or does OU provide any warranty as to their accuracy or reliability.

Every reasonable effort has been made to faithfully reproduce the presentations and material as submitted. However, no responsibility is assumed by OU for any claims, injury and/or damage to persons or property from any cause, including negligence or otherwise, or from any use or operation of any methods, products, instruments or ideas contained in the material herein.

DIETITIAN CONTINUING EDUCATION

Continuing education for Registered Dietitians and Registered Dietetic Technicians was approved for 7.0 major session hours and 1.0 exhibit hour by the Commission on Dietetic Association.

AWARDING CREDIT FOR PHARMACISTS

The University of Oklahoma College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing education. This seminar offers a total of (6.75) contact hours (0.675 CEUs) of ACPE-accredited continuing pharmacy education credit accepted by the Oklahoma Board of Pharmacy and most other states requiring education. Please note next to the listed ACPE # the type of activity (K = Knowledge-based CPE activity). For more information on activity types, please contact the Office of Alumni Affairs at (405) 271-6194. The program is designed as individual educational units and should be divided as noted in program materials. The Office of Alumni Affairs records all credits granted and will retrieve records upon request. A statement of credit will be available online to participants within four to six weeks upon verification of successful completion of the program. A notification email will be sent to participants when the statement of credit is ready. Credit for the program is awarded only for full participation and attendance is verified through official sign-in at the beginning of the session, the completion of the online program evaluation, receipt of your NABP e-Profile ID #, the month and date of your birth and the return of your name tag.

For any grievance associated with this educational activity, please notify the Continuing Education Administrator. You may contact the University of Oklahoma College of Pharmacy at (405) 271-6194 for a copy of the Grievance Policies.

Initial Release Date: 11/02/2012

The University of Oklahoma College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.
