- Describe the general components of a foot exam for the patient with diabetes
- Identify factors that lead to diabetes-related foot complications
- Explain guidelines for the management and prevention of foot complications in the patient with diabetes

4:30-4:45 p.m.
Closing and Clinical Pearls
James Lane, M.D.

(K) = Knowledge-based CPE Activity
COURSE DESCRIPTION

This one-day course focuses on management of the patient with diabetes. It is designed to address the unmet educational needs of healthcare providers who have a diverse case mix that includes patients with diabetes. The purpose is to promote excellence in care and to provide up-to-date information to enhance knowledge integral to effective management of diabetes. The program also seeks to provide an opportunity for the participant to interact and network with other diabetes professionals.

This is a fast-paced course with speakers using an audience response system to interact with the audience. This provides participants with immediate feedback of their knowledge and the opportunity to reinforce comprehension and retention of key learning objectives. The course combines best practice strategies and education through case studies and lectures.

PHYSICIAN EDUCATION CREDIT

Accreditation Statement
The University of Oklahoma College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

The University of Oklahoma College of Medicine designates this live activity for a maximum of 7.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict Resolution Statement
The University of Oklahoma College of Medicine, Office of Continuing Professional Development has reviewed this activity’s speaker and planner disclosures and resolved all identified conflicts of interest, if applicable.

AWARDING CREDIT FOR PHARMACISTS

The University of Oklahoma College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing education. This seminar offers a total of 7 contact hours (0.7 CEUs) of ACPE-accredited continuing pharmacy education credit accepted by the Oklahoma Board of Pharmacy and most other states requiring education. Please note next to the listed ACPE # the type of activity ([K] = Knowledge-based CPE activity). For more information on activity types, please contact the Office of Alumni Affairs at (405) 271-6194. The program is designed as individual educational units and should be divided as noted in program materials. The Office of Alumni Affairs records all credits granted and will retrieve records upon request. A statement of credit will be available online to participants within four to six weeks upon verification of successful completion of the program. A notification email will be sent to participants when the statement of credit is ready. Credit for the program is awarded only for full participation, and attendance is verified through official sign-in at the beginning of the session, the completion of the online program evaluation, receipt of your NABP e-Profile ID #, the month and day of your birth and the return of your nametag.

For any grievance associated with this educational activity, please notify the Continuing Education Administrator. You may contact the University of Oklahoma College of Pharmacy at (405) 271-6194 for a copy of the Grievance Policies.

Initial Release Date: 11/01/2013

The University of Oklahoma College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

INTENDED AUDIENCE

The intended audience for Diabetes Update includes physicians, pharmacists, nurses, dietitians and other providers of medical care for patients with diabetes.

NURSING CONTINUING EDUCATION

Nurses completing the program will be awarded 7.2 nursing continuing education contact hours.

The University of Oklahoma College of Nursing is an approved provider of continuing education by the Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

DIETITIAN CONTINUING EDUCATION

Continuing education for Registered Dietitians and Registered Dietetic Technicians was approved for 7.0 major session hours and 1.0 exhibit hour by the Commission on Dietetic Association.

EDUCATIONAL GRANTS

This course is supported, in part, by education grants from industry, in accordance with ACCME Standards. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

POLICY ON FACULTY AND SPONSOR DISCLOSURE

It is the policy of the University of Oklahoma College of Medicine that the faculty and sponsor disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosures will be made in the course handout materials.

DISCLAIMER STATEMENT

Statements, opinions and results of studies contained in the program are those of the presenters/authors and do not reflect the policy or position of the Board of Regents of the University of Oklahoma (“OU”) nor does OU provide any warranty as to their accuracy or reliability.

Every reasonable effort has been made to faithfully reproduce the presentations and material as submitted. However, no responsibility is assumed by OU for any claims, injury and/or damage to persons or property from any cause, including negligence or otherwise, or from any use or operation of any methods, products, instruments or ideas contained in the material herein.

AMERICANS WITH DISABILITIES ACT

The University of Oklahoma Health Sciences Center fully complies with the legal requirements of the ADA and the rules and regulations thereof. Please notify us if you have any special needs. For accommodations on the basis of disability, call (405) 271-7000, ext. 31088.
