Greetings from the OU Health Sciences Center!

The 5th annual running of the OU Community Health Alliance Health Dash will be held on the HSC campus, Saturday March 29, 2014 at 9:00am. The OUHSC Health Dash is a philanthropic project sponsored by the OU Community Health Alliance. The Health Alliance is an organization of OU medical students, in cooperation with other students across the Health Sciences Center, who aim to better the healthcare system in Oklahoma City. Through volunteerism in 12 local free clinics we work to uplift, educate, and empower citizens. The Alliance exposes students to the challenges of providing health care with limited resources while developing more compassionate and empathetic healthcare professionals.

This year OU Community Health Alliance has chosen to donate all proceeds to the MidDel Community Clinic, the newest addition to the clinics we serve. Our goal is to supply equipment for the clinic to provide better service for the clients of MidDel Community Clinic as well as facilitate the best opportunity for hands-on learning for students.

This event will begin with a one-mile fun run/walk at 9:00 a.m. followed by a 10k race at 9:30 a.m. and a 5k race at 9:30 a.m. All races will begin in front of the David L. Boren Student Union located on North Stonewall near downtown Oklahoma City. The race and the fun run courses go throughout the developing campus and have been sanctioned by the USA Track and Field Association. Prizes will be given to first, second, and third place in each age group, as well as an overall male and female winner.

Only a small portion of our financial goal is met through the entry fees. The majority will come from sponsors throughout the Oklahoma City metro area. Donations can also be given to underwrite the cost of the run, i.e. course equipment rental, racing services, advertising, etc.

It is our hope that you will consider sponsoring our efforts to support this event. We are expecting approximately 500 participants. Please let me know if your business can be a sponsor for this event and help support the Community Health Alliance. There are several sponsorship levels with advertising opportunities. Sponsorship checks should be made out to Community Health Alliance.

Any assistance you can provide will help make our run an even greater success and will be greatly appreciated. I believe that this is an event where everyone – participants, volunteers, and sponsors – all help to make a difference in the lives of those in our state that need it most. If you have any questions or need more information, please contact me at Emily-Munding@ouhsc.edu. I look forward to hearing from you!

Sincerely,

Emily Munding
